

## WEEKLY UPDATE

05/14/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that we currently have no confirmed cases of COVID-19 in our facility. Since January 2021 Harmon Hospital Skilled Nursing Facility has had zero Covid-19. The Skilled Nursing Facility includes rooms 405 through 410.

The Clark County positivity rate for Covid-19 remains under 10% at this time, allowing Harmon Nursing Facility to continue visitation daily. Visitation hours are daily from 3:00 pm to 7:00 pm. Additional or different visitation hours to accommodate visitors can be requested through Social Services as needed. Children are allowed to visit; however due to infection control precautions we ask that children under the age of nine not visit at this time. Pet visitation is allowed, we do require proof of rabies vaccination, and that the pet be on a leash. If you require any special accommodation for visitation please speak to Social Services to make necessary arrangements.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 702-794-0100

Sincerely,

*June C. Cartino*
