

WEEKLY UPDATE

05/21/2021

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that we currently have no confirmed cases of COVID-19 in our facility. Since the beginning of the year, our Skilled Nursing Facility has had zero cases of Covid-19. The Skilled Nursing Facility is comprised of rooms 405 through 410.

The Clark County Covid-19 positivity rate continues to decline, allowing us to continue to offer visitation. Harmon Hospital -SNF has purchased a canopy for outdoor visitation. If outdoor visitation is not an option due to resident health, indoor visitation arrangements can be made with nursing. Please continue to follow all infection control practices including mask wearing during visits. Although mask wearing restrictions have loosened across the country for those who are fully vaccinated; the CDC continues to recommend wearing a mask on buses, airplanes, crowded in-door areas and healthcare facilities. Harmon Hospital is able to offer Covid-19 vaccinations to all residents as well as their family members/representative. Sign up for the Covid-19 vaccination is available at the front reception desk, the vaccine is offered at no cost.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 775-293-0100

Sincerely,

June C. Cartino
