

## **WEEKLY UPDATE**

**07/23/2021**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update on the status of COVID-19 in our facility.

**Please note that beginning August 1, 2021 we will no longer be posting weekly updates on our website.** We will, however, continue to notify you through our website of any changes in visitation procedures and if we receive confirmation of a new positive case in our facility. We will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

### **Number of Confirmed COVID-19 Cases Currently in the Facility**

Staff: 0

Residents: 10

### **Date of Last Newly Confirmed COVID-19 Case:**

Zero confirmed Covid-19 positive since January 2021

### **Visitation Status:**

The Nursing Facility/Skilled Nursing Facility consists of rooms 405-410. Visitation is daily from 3pm to 7pm. Other visitation times can be arranged through Social Services. If you are unable to visit we can offer tele-visits or window visits. Masks are required at all times during visitation, as well as maintaining social distancing and frequent use of hand sanitizer. Maintaining infection control precautions is essential at this time as Clark County's rate of Covid-19 has increased. Please do not visit if you have been recently exposed to someone with Covid-19 or if you feel unwell. Our screening process and questions on entrance are for the protection of you and your loved ones. Service animals are allowed in the facility, family pets are allowed to visit on leash and proof of current Rabies vaccinations must be shown at each time of visit.

### **Facility Safety Precautions:**

We continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Thank you for your support throughout this pandemic, and as always, if you have any questions or concerns please contact us directly at 775-293-0190.

Sincerely,

*June C. Cartino*
